## Rules of Rain

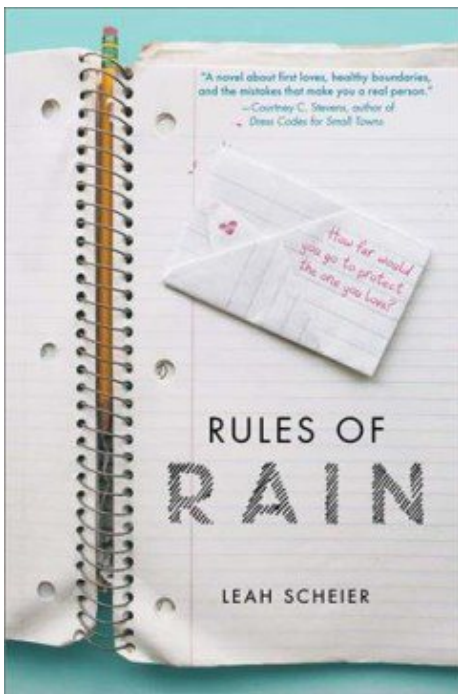

by Leah Scheier

Review by: Kanya S

Summary: Relying on her own skills, Rain has constantly taken care of her special needs brother, Ethan. Thinking that she knows him, Rain ends of screwing up her relationships with Ethan and her best friend. Her divorced parents are difficult to deal with and Rain is stuck in the middle. Ethan influences all of her actions and decisions, so when the time comes, she has to make the biggest

decision of all.

Opinion: The book was pretty good. I could realistically imagine what Rain was enduring. I found it humorous when Rain realized that their fridge had disappeared out into the backyard.
