## **When Magic Wakes**

by Tera Lynn Childs

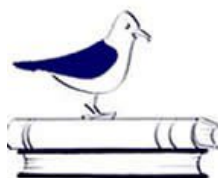

Review by: Kunj S.

Genre: Fantasy

Summary: Bree Duncan has the lowest rating in the guard because her magical abilities have yet to develop so when she is assigned to guard the young prince who had been recently kidnapped, she is furious. She fumes from inside but does her part. The prince and Bree become friends and slowly, the prince becomes able to face his captor. However, a stronger problem will stand in their way. The question is whether both of them will be able to endure the consequences.

Opinion: This book wasn't so bad but it wasn't the best book written by this author. I felt that the author could have added more excitement to the conflicts. This book was pretty good and well structured although midway the book lost my attention.

Rating: 3 out of 5
