

Pint Sized Picassos

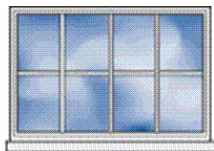

Dates: Tuesdays @ 11:00 a.m. 7/30; 8/6; 8/13; 8/20; 8/27
Program Room

"All children are born artists, the problem is to remain an artist as we grow up." — Pablo Picasso

Join us for fun process-oriented, sensorial art exploration sessions that encourage your child's creativity and curiosity! In process-oriented art, the act of making art is the focus, not the final product itself. It allows children to manipulate various art media and mark making tools to explore and create while they hone their fine motor skills and make their own creative decisions freely! You'll also discover things about your child as your little 'sci-artists' discover and explore using basic art materials, household items and items found in nature.

No registration, but space is limited to 15 children and their caregivers.
Admittance is on a first come first serve basis.
Ages 2-5 yrs.

Please note: children and caregivers should be dressed for a serious mess!
