## RWL Hobby Kits

Getting bored at home? Try one of RWL's new Hobby Kits! Every kit has all the tools you need to get started on a new hobby, and a few books to help you learn. Always wanted to pick up embroidery? What about woodcarving? Maybe this is the year you start hiking! Kits have been designed to be accessible to a variety of age groups, although younger children may require adult supervision.

*Kits have been created to be accessible for beginner hobbyists and can be checked out by adult patrons. Adult supervision of children is recommended.*
