The family tree toolkit : a comprehensive guide to uncovering your ancestry and researching genealogy

by Kenyatta D. Berry
The host of Genealogy Roadshow guides you on how and where to start researching your family history, what records are available online and in repositories, what do once the information is found, how to share your story and DNA discoveries. Digital format: Overdrive eBook

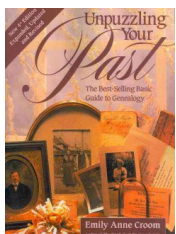

Genealogy for Beginners

by Katherine Pennavaria
"This book covers everything you need to get started researching your family history or continue a project you've already started. It offers practical suggestions from an experienced genealogist, and detailed, step-by-step instructions for carrying out a quality family history research". Digital format: Overdrive eBook

Genealogy

by Matthew Helm
With the help of this hands-on guide, you'll find out how to start your genealogical research using the latest tools and techniques, including DNA testing. You'll learn how to leverage social media networking sites, add digital images to your family tree, and access public records. Digital format: Overdrive eBook.

Unpuzzling your past : the best-selling basic guide to genealogy

by Emily Anne Croom
Describes methods for conducting genealogical research & explains how to trace the history of a family through the use of living sources & public records.

Online Library Resources

MyHeritage

MyHeritage includes birth, death, and marriage records from 48 countries, the complete U.S. and U.K. censuses, immigration, military, and tombstone records and more than 3 billion family tree profiles.

HeritageQuest Online

Search U.S. Federal Census images (1790-1940), genealogy and local history books, the Periodical Source Index (PERSI) of genealogy and local history periodicals, pension and bounty land warrant applications from the Revolutionary War, Freedman's Bank Records (1865-1874), and the U.S. Serials Set (1789-present) which records the memorials, petitions and private relief actions made to the U.S. Congress.

Fold3

Provides access to historic U.S. military records, including the stories, photos and personal documents of the men and women who served. You can also search archives for African Americans, Native Americans and the U.S. Bureau of Investigation case files, historical newspapers, historical documents, U.S. Census records, U.S. naturalization records, and city directories.

OK2Explore

Ok2Explore is a free searchable index of births and deaths that occurred in the state of Oklahoma.

Your learning made to fit.

Online Resources

General Research

Family Search

Register for a free account. Available anywhere, anytime you have WiFi access. Includes U.S. census records, marriage records, death records, and more. Don't miss the Research Wiki for research guides or the Catalog digitized but unindexed records such as school attendance records, land and court records-- guardianship, divorce, wills and probate records. Collaborative family trees.

Cyndi's List

A categorized and cross-referenced list of links for genealogical research in more than 180 categories.

Oklahoma Historical Society

A fraction of their holdings available online. Check the Gateway to Oklahoma History for digitized pre-1923 Oklahoma newspapers.

Cemetery Research

Billion Graves

An all-volunteer site to locate the final resting place of one's ancestors. Not as large a database as Findagrave but worth searching, contributing records, and transcribing records.

Find a Grave

The largest online site for finding final resting place for one's ancestors.

Community Resources

Oklahoma Genealogical Society

Offering includes a genealogy library, monthly meetings, computer and genealogy classes.
