How to Stop Fake News - Media Literacy for Adults

Library Books & Materials

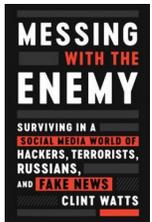

True or false : a CIA analyst's guide to spotting fake news

by Cindy L. Otis

A comprehensive history of “fake news” counsels readers on how to avoid becoming victims, drawing on examples from different historical periods and the author’s experiences

as a decorated former CIA analyst to explain how to recognize fake news, understand contradictory reports and see past biases.

Messing with the enemy : surviving in a social media world of hackers, terrorists, Russians, and fake news

by Clint Watts

A former FBI Special Agent and leading cyber-security expert presents

a sobering and essential look at the misinformation campaigns, bogus news and electronic espionage operations that have become the cutting-edge of modern warfare, offering urgent recommendations for strategic protections at individual and national levels. 50,000 first printing.

Mind over media : propaganda education for a digital age

by Renee Hobbs

"Propaganda is inescapable. It's everywhere. Students need to analyze, resist, critique-and create. Media

literacy educators have always insisted that we are both creators and receivers of media messages. The truth of this is even more apparent in today's digital environment, with children and adults alike participating in a ubiquitous, nonstop stream of social media. "

Online Library Resources
