

1000 Books Before Kindergarten

Register your child today!

The 1000 Books Before Kindergarten program is simple- register your child and track books with our book log. At each 100 Book milestone your child receives a sticker. At 500, they receive a book to keep. At 1000 they receive a Dr. Seuss bag full of items to help them get ready for kindergarten, and we will add their picture to our Wall of Fame! Why 1000 books? Research shows that being read to at home is the single biggest predictor of later success in school. Start reading one book a day with your newborn and you will reach 1000 books in three years. Read three books a day and reach 1000 books in one year! You may count the same book read over and over again. Questions? Call Youth Services Librarian Phyllis Peter at 641-792-4108
