When two sisters escape the tiny island their abusive father has trapped them on, they're swept into a magical roleplaying game that twists and blurs the lines between reality and fantasy. Even though Scarlett, one of the sisters, is told that the game is not real and she must remember that, she begins to be unable to distinguish what parts of the game are real or fake. She finds herself convinced that her sister is in danger, and desperately tries to win the game in order to save her. This novel follows Scarlett on her suspenseful path to win the legendary game of Caraval.
