Ari's mom died four years ago, then she stayed with her caretaker Janna. Gage, her older brother, decides that he would no longer want to stay with Janna. Ari knows she'll have to stay with her brother since one of her mom's wishes was for Gage and Ari to stay together forever, the other was for Ari to get into Carter a middle school for gifted students. Gage promising Ari that they'll get an apartment to live in very soon and he can handle everything by himself and that he doesn't need Janna, but it's been two months and they were still homeless. This book takes you through the life of Ari as she tries to fit in at school and also trying to get into Carter, I think this book is one of the most lifelike books I've ever read since you can relate to it a lot. In my opinion, everyone should definitely read this book.
