

Free Business Resources

at Chester County Libraries

We want you to succeed, so we provide the tools your business needs.

RESEARCH YOUR CUSTOMERS AND COMPETITORS

Use the Reference Solutions database to identify customers by demographics and spending habits, build a competitor profile, inform marketing strategies, and determine ideal areas to open a new business.

WRITE YOUR BUSINESS PLAN

Our Business Plans Handbook series contains examples of real-life, successful business plans for your reference. The library's collection also includes step-by-step guidebooks for writing a comprehensive, informed business plan.

ATTEND WORKSHOPS LED BY EXPERTS

These programs provide valuable, targeted information for starting or growing a business. Topics include business planning first steps, social media marketing, financial stability, and more.

BUILD YOUR BUSINESS AND TECH SKILLS

Whatever your business needs, we have what you're looking for. With materials on starting and financing a business, advertising and marketing, management and leadership, sales and profits, and even a self-paced entrepreneurship course, there's support for every aspect of running a business waiting for you to check out.

Click Here for all the software applications available for use at the library

We also offer computer classes and one-on-one help for Word, PowerPoint, Excel, Photoshop, Google applications, web design, internet security, and more.

SCHEDULE A ONE-ON-ONE CONSULTATION

Sam Bardarik, Business and Career Librarian, can help with:

- finding targeted resources for your specific needs
- one-on-one database tutorials
- any other questions
