

Science Fair Nightmare

The troop

by Nick Cutter

Leading a troop of boys into the Canadian wilderness for a traditional weekend camping trip, scoutmaster Tim Riggs encounters a disturbing, voraciously hungry intruder in the woods who infects the troop with a bioengineered disease.

The deep

by Nick Cutter

When a seemingly miraculous healing agent is discovered in the Pacific in the wake of a devastating plague, a team of brave heroes descends through pitch-black waters to an incommunicado research lab in the ocean deep

The hatching : a novel

by Ezekiel Boone

A series of bizarre manifestations around the world, from a human-eating black mass in the Peru jungle and a baffling plane crash in America to unusual seismic patterns in Kanpur and a nuclear accident in China, lead to the discovery of the emergence of an ancient dormant species.

Skitter : a novel

by Ezekiel Boone

Millions of people are dead across the globe after mysterious flesh-eating spiders have marched through countless cities and a glowing egg sack the size of a truck appears in Japan, in this follow-up to Hatching.

Extreme makeover : apocalypse edition

by Dan Wells

A satirical tale of suspense by the best-selling author of I Am Not a Serial Killer follows the experiences of a scientist from a health and beauty company who is horrified to discover that his employer's new hand lotion is overwriting DNA.

by Chuck Wendig

An FBI consultant who works to identify unexpected and cutting-edge threats embarks on a terrifying chase to a secret laboratory after a billionaire inventor is suspected of weaponizing the natural world in a very unnatural way

The Mist

by Stephen King

The Mist tells of a leak from a military research facility, a mist that slowly drifts across the landscape. Within that deadly cloud are not only strange, ravenous creatures, but a whole new dimension of terror and death.

Normal

by Warren Ellis

In a world dominated by strategists who would safeguard and prepare against a vague and imminent apocalypse, burned-out strategist Adam Dearden is swept up by the mysterious disappearance of a locked-in patient and a conspiracy that challenges his society's entire way of life.

Borne

by Jeff VanderMeer

In a ruined, nameless city of the future, a scavenger named Rachel finds a creature named Borne, a leftover from a biotech firm called The Company, and she takes it back to her underground lair, where she must shield it from her drug-dealer

boyfriend, Wick

Oryx and Crake : a novel

by Margaret Atwood

A new work by the Booker Prize-winning author of The Blind Assassin and Alias Grace is set in a future world that has been devastated by a series of ecological and scientific disasters.

The Year of the Flood

by Margaret Atwood

When a natural disaster predicted by God's Gardeners leader Adam One obliterates most human life, two survivors trapped inside respective establishments that metaphorically represent paradise and hell wonder if any of their loved ones have

survived, while the outside world is overcome by gene-spliced life forms.
