BOOK ADVENTURE: WHAT'S THE WEATHER?

Weather sounds. Think about all of the sounds that different weather can make. What does rain sound like? Can you make a pitter-patter sound with your fingers? How about thunder or wind? Move your body, and make some noise!

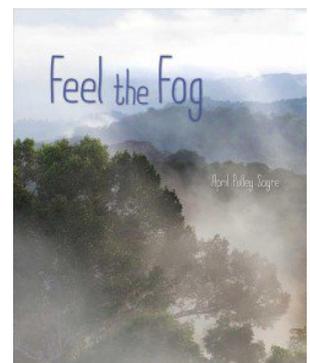

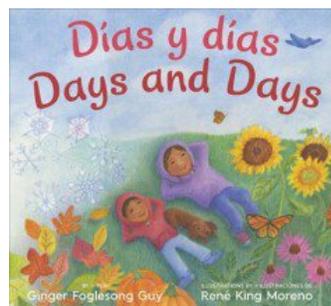

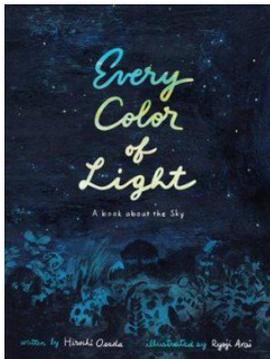

Cloud watching. Look up at the sky, and observe the clouds moving by. What shapes do you see? Does one cloud look like a dog and the other a pancake? Compare your observations with friends and family!

Rainbow hunt. Take a walk with a grown-up outside and look for rainbows. Do you see any in the sky? Or maybe on a building? Maybe someone is wearing one! Keep track of how many rainbows you see.

Weather exploring. Find out what the weather is like in a different place. Call a friend in another city, state, or country and find out how the weather there may be different from where you are.

Weather walk. Take a walk outside in your neighborhood with a grown-up and talk about what the weather looks and feels like. Is it sunny? Cool? Windy? What color is the sky

Weather sensory bin. Create your own weather at home! Look around and gather items that represent the weather. You could get tap water for rain, cotton balls or toilet paper for snow – use your imagination! Gather them in a bin or just lay them out on a table. Scoop, grasp, gather and pour weather with your hands!

Cloulette by Tom Lichtenheld | Print | Chinese | Hoopla

Dias y Dias / Days and Days by Ginger Foglesong Guy, illustrated by René King Moreno | Print

Every Color of Light by Hiroshi Osada, illustrated by Ryōji Arai | Print

Feel the Fog by April Pulley Sayre | Print
