A Virtual History of Bay Road

Presented by Joe Blansfield

Thursday, January 20 at 6:30pm

Join us at the library*** or on Zoom and learn about the fascinating history of “Old” Bay Road, including the famous people that have traveled it, the important structures, (inns, taverns, churches, schools) along the way as well as the cemeteries and mile markers (and their meanings) that still exist today.

Joseph Blansfield built his house on Bay Road 40 years ago and is a member of the Sharon and Stoughton Historical Societies. An avid amateur historian, he has researched the history of Bay Road from the Historical Societies in which Bay Road runs through as well as the Massachusetts State Archives, the Mass Archeological Society and with the Mashpee Wampanoag tribe themselves.

Visit the Event Calendar at www.stoughton.org/library to register (required). A Zoom link will be emailed to registrants 1 day prior to the event.
