Among the Beasts & Briars

by Ashley Poston

Genre: Fantasy (e-book)

Summary: Cerys is a teenage girl living in the Kingdom of Aloriya, it is free of drought, disease and famine thanks to a bargain the first king made with the Lady of the Wilds. The woods surrounding the kingdom were cursed filled with dark and forbidden creatures. During the coronation of Cerys' best friend Anwen everything goes downhill. It is now up to Cerys to travel through the woods and save Aloriya from its demise with the help of a once furry friend. At times in the book there were spots where the setting and what was going on wasn't clear, although as you kept reading it would get clearer. Overall the concepts of the monsters were valid and helped the story flow smoothly. I think that teenagers will enjoy this book because it offers a nice balance between emotion and adventure, I would recommend this books to some of my friends that like fantasy.
