## Redemption Prep

by Samuel Miller

**Genre: Adventure (ebook)**

**Summary:** At Redemption Prep, Emma is the type of girl that stands out amongst the rest of the students at this very prestigious boarding school located in Utah. At Redemption Prep, it's the best of the best. The students know not to break any of the tedious rules the administration sets in place. It's a shock and a scare when Emma goes missing during mass. Since the school is located in the middle of the woods, there's very little places Emma could have gone. So naturally, everyone becomes a suspect in her disappearance. Three students are on the hunt for Emma; Evan, Neesha, and Aiden. But they may not want to find her for the right reasons and Emma seems to have secrets of her own. With everything crashing down around them, it's up to the students to unlock the dangerous

secrets of Redemption Prep. The book is a bit of a miss. The plot is really complex and has potential but there weren't many twists and it fell flat for me. The book switches between three different perspectives and at a point it becomes confusing and there's too much to follow.
