The Survivor

by Bridget Tyler

Genre: Science Fiction (ebook)

Summary: The main character Jo and her family are trapped on another planet. The people that are on the planet don't want Jo and her family there so Jo try's to make peace with the people an the planet because she is going to be trapped there for ever, she negotiated something with them but it didn't end up going well. A war broke out and everyone was trying to survive but that kept getting harder as the days past. I think the author did a very good job with the suspense in this story. She also makes it easy to visualize what is happening.
