

*Karou is a neon-haired art student raised by a family of demons (they prefer the term "chimera") in present-day Prague when she is called upon to be an unlikely heroine. First in a series!*

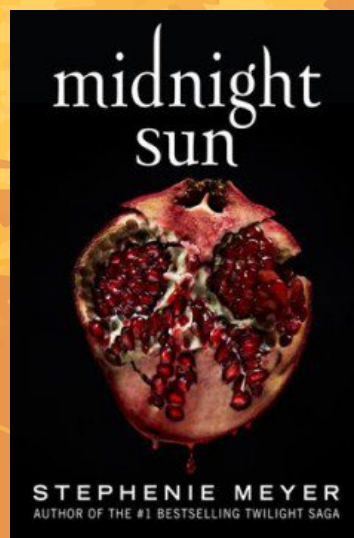

*Teenage witch Nova lives with her grandmothers in New England after the loss of her parents, and rekindles her childhood crush on Tam, who just happens to be a werewolf!*

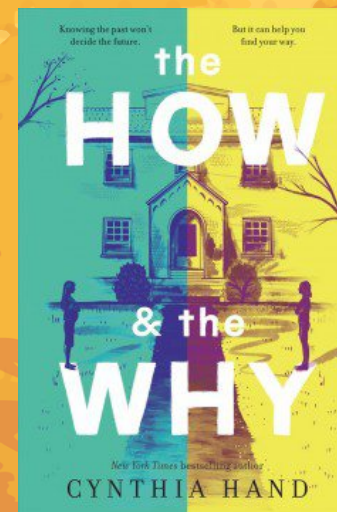

## Gather Together With **Found Families** This Autumn

*Seventeen year old Piper was raised in a doomsday cult with her many siblings, now that she is free of the cult, she has to adapt to her new family in the outside world.*

*America's favorite dysfunctional vampire clan is back... Reacquaint yourself with Edward and his sparkling siblings who were adopted by single vampire dad Carlisle Cullen in this multi-continental blended family.*

*Cass considers her parents the best in the world. She has everything she needs—except the knowledge of where she came from. Eighteen years ago, Cass's biological mother wrote her a series of letters. And they may hold the answers Cass has been searching for.*
