1. This Is the Fire: What I Say to My Friends About Racism
by Don Lemon
The CNN host looks at the impact of racism on his life and prescribes ways to address systemic flaws in America.

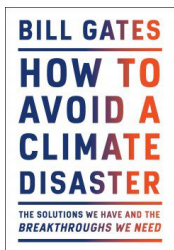

2. The Code Breaker: Jennifer Doudna, Gene Editing, and the Future of the Human Race
by Walter Isaacson
How the Nobel Prize winner Jennifer Doudna and her colleagues invented CRISPR, a tool that can edit DNA.

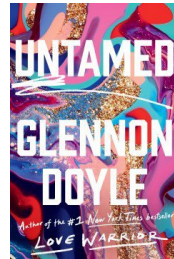

3. Greenlights
by Matthew McConaughey
The Academy Award-winning actor shares snippets from the diaries he kept over the last 35 years.

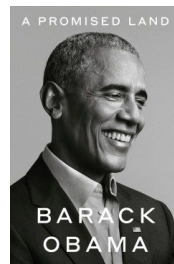

4. Caste: The Origins of Our Discontents
by Isabel Wilkerson
The Pulitzer Prize-winning journalist examines aspects of caste systems across civilizations and reveals a rigid hierarchy in America today.

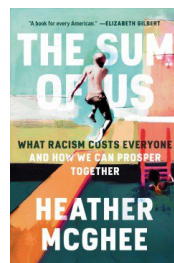

5. How to Avoid a Climate Disaster: The Solutions We Have and the Breakthroughs We Need
by Bill Gates
A prescription for what business, governments and individuals can do to work toward zero emissions.

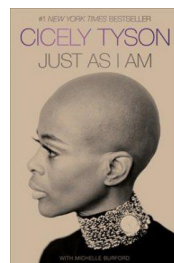

6. Untamed
by Glennon Doyle
The activist and public speaker describes her journey of listening to her inner voice.

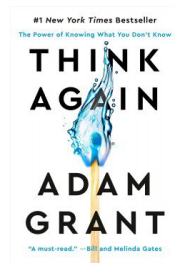

7. A Promised Land
by Barack Obama
In the first volume of his presidential memoirs, Barack Obama offers personal reflections on his formative years and pivotal moments through his first term.

8. The Sum of Us: What Racism Costs Everyone and How We Can Prosper Together
by Heather McGhee
The chair of the board of the racial justice organization Color of Change analyzes the impact of racism on the economy.

9. Just As I Am: A Memoir
by Cicely Tyson with Michelle Burford
The late iconic actress describes how she worked to change perceptions of Black women through her career choices.

10. Think Again: The Power of Knowing What You Don't Know
by Adam Grant
An examination of the cognitive skills of rethinking and unlearning that could be used to adapt to a rapidly changing world.
