

How To Join our **ONLINE** programs...

The library might be closed during the current health crisis, but that doesn't mean we won't be providing informative and entertaining events!

Over the coming weeks, we'll be offering interactive events online using ZOOM, an online meeting website and app. Here are some basic instructions to get you all up to speed:

1. You will receive an link...either via email or on our website.
(NOTE: If you are using a smartphone, you will need to download the free Zoom app)
2. Prior to the event time, click on the link or open the app.
(NOTE: If you are using a computer or laptop, you will be prompted to download the "Install Zoom" application and then open it.

If using the app, you will be prompted to enter the meeting ID and pw.)

3. You will be taken to the online meeting and prompted to test your microphone and camera. (Most laptops have built in microphones and cameras, desktops may need external cameras and microphones).
4. Once you're on, we'll give a quick overview of the functions on your screen before the program begins.
(NOTE: We recommend joining the meeting early to play around with the features so you can get used to them).

See you on **zoom!**
