All About Me

Sing

*These Are My Glasses* by Laurie Berkner - A simple song to sing that encourages reading. Think of all the things you can see with your glasses. Can you play I spy with your glasses?

I Am Special

*Sung to Frere Jacques*

I am special, I am special,
You can see, you can see.
Someone very special,
Someone very special,
Yes, it’s me! Yes, it’s me!

Watch

*Wellbeing for Children: Confidence and Self-Esteem* from Clickview

Watch this video together and talk about all the ways we can feel better about ourselves and build your child’s self-confidence!

Make

*Paper Plate and Button Self-Portraits*

1) Have your child look at their face in a hand held mirror and study their eyes, nose, and hair. Let them decide which buttons will be best for their own interpretation of their features.
2) Color or paint the paper plate in the color the child would like to represent their skin color, remember this is about self-expression and not picture-perfect representation!
3) Glue on buttons to create a face.

Materials Needed:
- Small paper plates
- Crayons or paint
- Glue
- Buttons
- Hand held mirror

Play

Kids love getting messy! Allowing your little one to experiment with different art materials is a great learning experience. Sculpting with playdough will let your child’s imagination run wild, allow them to practice fine motor skills, and stimulate great conversations about what they are building or painting—all of which build early literacy skills. Try incorporating natural materials found outside like twigs and leaves to make a 3-D self portrait!
